Connecting via IOS

Connecting to dinWorkspace via iOS

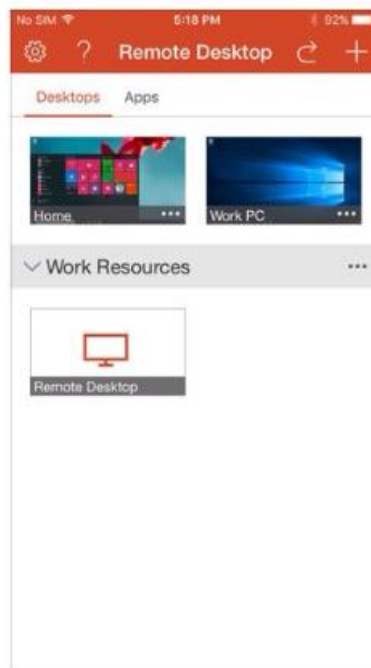

Connecting to dinWorkspace using IOS App

1. Go to the app store from your iPhone and install the Microsoft Remote Desktop app.

Microsoft Remote
Desktop
Microsoft Corporation

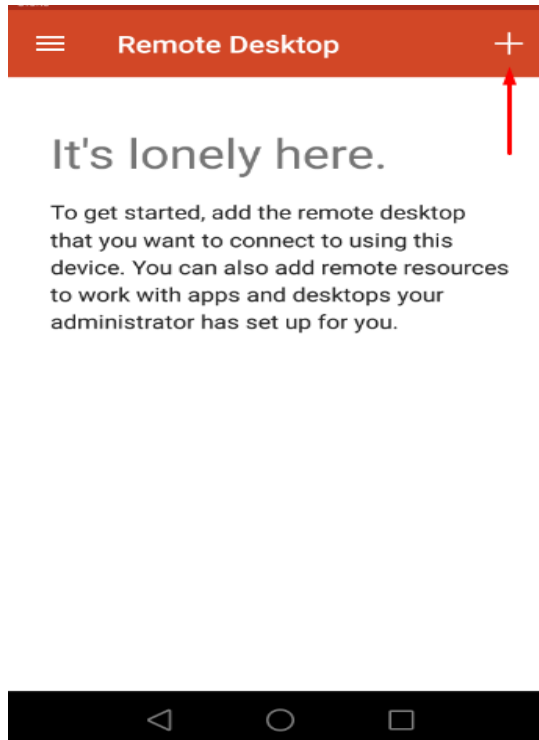

+ OPEN

Connecting to dinWorkspace via iOS

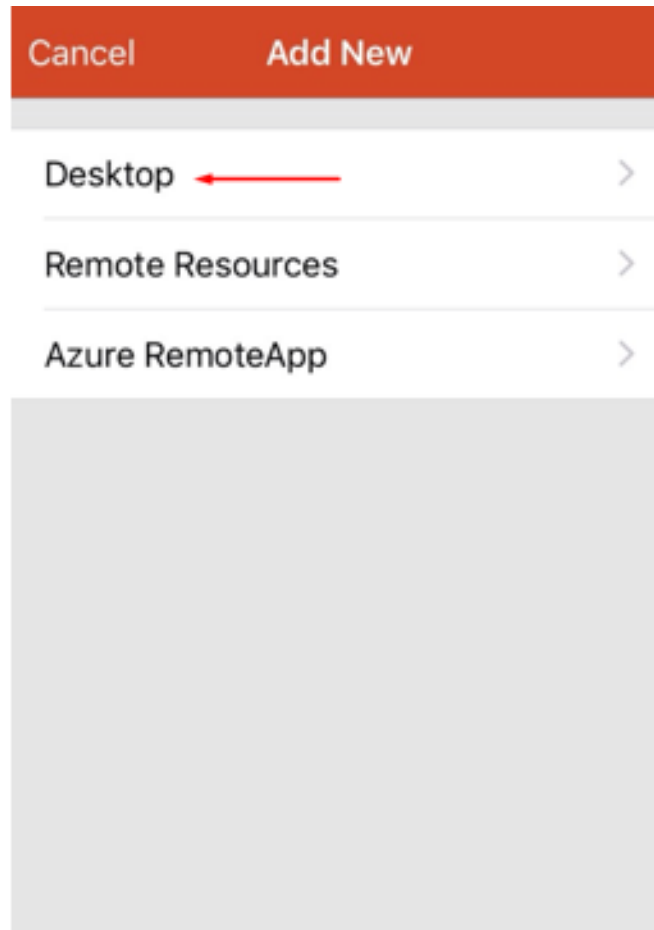

2. Once the installation is complete, open the app and click on +

Connecting to dinWorkspace via iOS

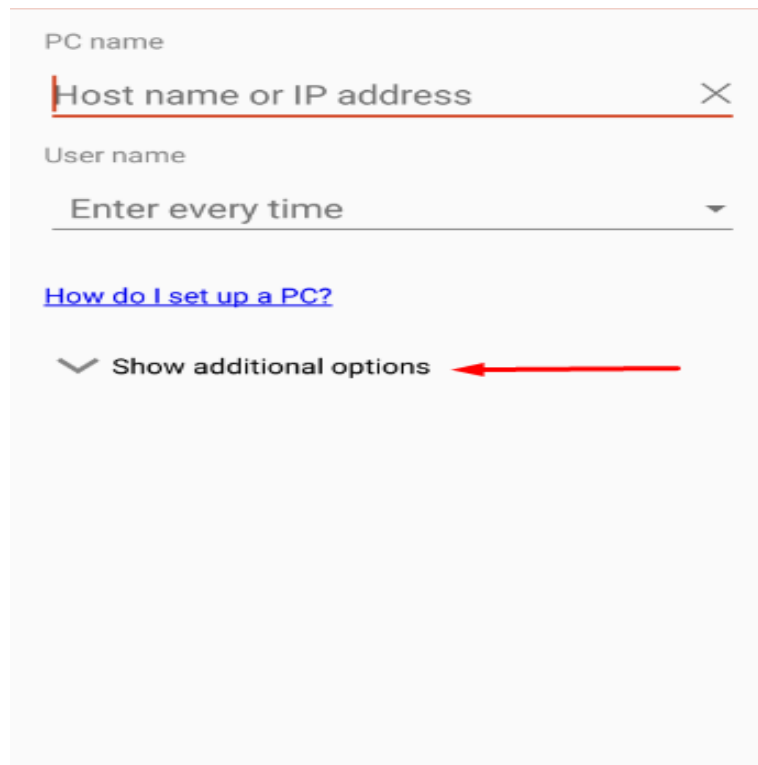

3. Select Desktop

Connecting to dinWorkspace via iOS

4. Enter the host name, username, and password provided by dinCloud and click show additional options.

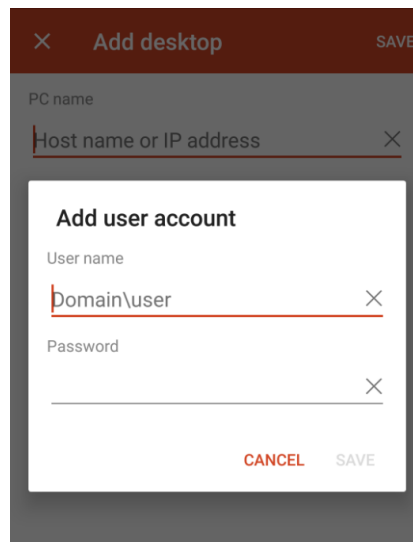

The screenshot shows a light gray dialog box with the following elements:

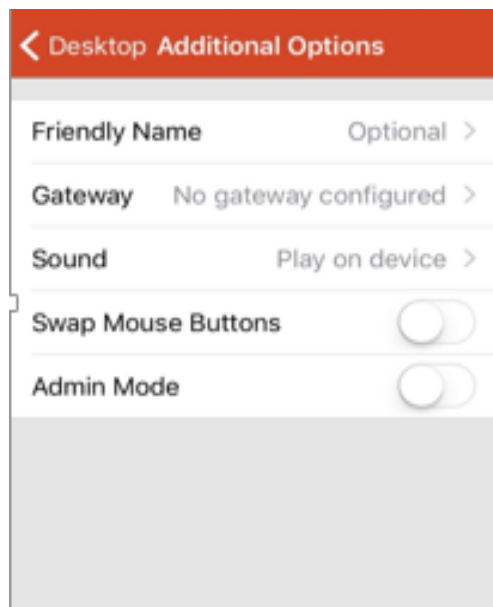

- PC name**: A text input field containing "Host name or IP address" with a red cursor at the start and a close button (X) on the right.
- User name**: A text input field containing "Enter every time" with a dropdown arrow on the right.
- How do I set up a PC?**: A blue hyperlink.
- Show additional options**: A button with a downward arrow icon, highlighted by a red arrow pointing to it from the right.
